FEDERALS ARE EXPECTED TO ATTACK REBELS

Scouts Report Maderist Army is Due in Escalon at Day Break

RELLANO PRINCIPAL SCENE

Insurrectos Have Excellent Fortifications and Will Fight to the Finish

At Orozco's headquarters, Jimenez, Mex., May 15.—Scouts reported tonight to General Orozco that the Federal forces were advancing rapidly northward and probably would attack at daybreak. The vanguard of the government troops under Gen. Pelez, already is ten miles north of Yermo while the main column, under Huerta, is but three miles behind.

The front of the rebels, under General Salazar, is at Asulasalo and Escalon, 40 and 45 miles, respectively, south of here. The main column is at Rellano, six miles behind. Between the rebel front and the advancing Federals are only 27 miles. The Federals are expected to cover the distance by tomorrow.

Rellano is likely to be the scene of the principal fight, as the insurrectos have excellent fortifications there. The rebel vanguard probably will retire to Rellano.

FEDERALS ADVANCE SLOWLY TOWARD THE REBEL HEADQUARTERS.

El Paso, Tex., May 15.—General Huerta's army of federals advanced slowly north from Yermo, today, towards the rebel base at Rellano, 45 miles away. Advances from the zone of federal operations were meager and told of the slow progress of the federals, because of gaps in the railroad made by the retreating insurrectos. The troop trains of the government are nearly five miles long and are preceded by pilot engines with a number of engineers aboard, who carefully examine the road for mines. Many trestles were repaired today but it is not expected that the federals will encounter any of the rebel advance guard before tomorrow.

Three Bodies Found and Consigned to Sea, is Report from Wireless

New York, May 15.—A message, received late today by the White Star line steamer Oceanic, en route to New York, reported the picking up, by the liner, of a collapsible life boat from the sunken steamer Titanic, containing three bodies. The boat, according to the message, was found May 13, in latitude 39.53 north, longitude 47.01 west.

The message from the Oceanic reads: "May 13, latitude 39.56 north, longitude 47.01 east, picked up collapsible boat, three bodies, committed same to deep. One, apparently Thomas Beattie, passenger, one sailor, one fireman, both unidentified. Also coat, with letter, addressed Richard M. Williams, one came, D. Williams. Ring, also in boat. Inscription, 'Edward and Gerda.' (Signed) 'Commander.'"

The boat referred to in the message, it was stated at the White Star offices, here, is the one mentioned by Officer Lowe in his testimony before the Senate committee, from which he took into his life boat twenty men and one woman, leaving on board three bodies.

San Francisco, Calif., May 15.—With the lead held by Roosevelt gaining as belated returns are returned, indications tonight are that he will approximate the 25,000 majority estimated for him, by his managers. Figures at hand from 2,855 precincts out of a total of 3,700, give Roosevelt 122,702, Taft 62,397 and LaFollette 40,825. The same precincts give Clark 45,841 and Wilson 15,649.

TAFT WILL NOT LET UP ON ATTACKS ON COLONEL ROOSEVELT.

Sandusky, O., May 15.—President Taft will not let up his attack upon Colonel Roosevelt, as long as he is in the campaign for re-nomination. No matter if the Colonel ceases his personal attack upon him or not Taft will continue his plan of criticism of Roosevelt and outline the achievements of the Taft administration.

In half a dozen speeches made today the President emphatically declared it was not time now for Mr. Roosevelt to preach the doctrine of "no personality."

Having called me everything in the category of bad names, Mr. Roosevelt now wishes to indulge in less emphatic expressions," said Mr. Taft at Bures.

"Well," he continued, "I don't do wish to meet his unfounded charges."

Mr. Taft spoke twelve times, today, including his night address here.

"I deny, my friends, that Theodore Roosevelt and his election are essential to the happiness of the American people," said the President. "Well I have no doubt there is room for improvement but I think we are getting along fairly well and we are not in a condition of dissolution so that we need a capital operation in the form of Theodore Roosevelt for a third term."

CLARENCE DARROW PLACED ON TRIAL AT LOS ANGELES

Noted Labor Attorney Opens Bribery Trial in Court that Sentenced McNamara

JURY PARTIALLY CHOSEN

Four Veniemmen Accepted by State After Defense Gets Through

Los Angeles, Calif., May 15.—In the same court room where the McNamara brothers were sentenced, last December, Clarence S. Darrow of Chicago, their chief counsel, and the most noted criminal lawyer in the country, was placed on trial today before Judge Hutton of the Superior Court, for the alleged bribery of George Lockwood, one of the veniemmen.

At the conclusion of today's session, four of the twelve in the jury box, already passed tentatively, by the defense, had been accepted tentatively by the state and another challenged for cause.

There were frequent fits between counsel, today, particularly upon the probable appearance for the prosecution of Bert H. Franklin, the McNamara defense detective, who pleaded guilty to bribery and was fined \$4,000.

RESERVES CALLED TO STOP RIOT AT DEM. MEETING

Congressman Makes Charges and Many Try to Mount Rostrum

Nashville, Tenn., May 15.—Police reserves were called to quiet delegates at the Democratic convention, tonight, when it seemed that a fight was about to occur on the rostrum. Congressman McKellar, during a speech, said the "Democratic party is tired of Dillrell" whereupon Dillrell who is state controller mounted the rostrum and started toward McKellar.

There was a general rush of delegates, but order was restored. Dillrell denied he intended striking McKellar. Practically nothing had been done up to midnight. A few counties had endorsed presidential aspirants. Complicated state conditions resulted in a convention aspect that defies analysis.

How the state's twenty-four delegates will be affected by what the convention may do is problematical.

HARMON DENIES THAT HE SAID BRYAN MADE CABINET JOB OFFER

Akron, O., May 15.—In the third speech of his Ohio campaign, Gov. Harmon tonight denied he said that William Jennings Bryan had offered him a cabinet position, in case of Mr. Bryan's election. Harmon also denied saying that Bryan wished to have him nominated in 1904.

"He chooses to understand that I said that he proposed for me a place in the cabinet," said the Governor. "I did not say so and my language does not bear that construction. He told various persons he meant, if elected, to offer me a cabinet position."

"I mention this to show that he did not consider me unfit for office from constable up, nor did I say he wished to have me nominated in 1904. I simply stated that he wished to put me before the convention. Now, if Mr. Bryan says he really was opposed to my nomination, he meant to use me to further some sudden design of his own."

Ben Reitman and Anarchist Driven from San Diego by Citizens

San Diego, Calif., May 15.—Dr. Benjamin Reitman, manager for Emma Goldman, was kidnapped by a squad of vigilantes here, late last night, and taken to a ranch several miles north of this city, where he was tarred and driven across the desert. The letters "I. W. W.", the initials of the Industrial Workers of the World, around which the San Diego free speech fight centers, first were painted on Reitman's back.

Reitman was kidnapped in an automobile, while Emma Goldman was appealing to the police to protect her from a crowd which had surrounded her hotel. Answering a request by Miss Goldman, Chief of Police Wilson went to the hotel and was closeted with her while the crowd seized Reitman, who was on the street.

Reports that Reitman was feathered and the vigilants set fire to the feathers, burning him severely, could not be verified. It is believed Reitman has gone to Los Angeles.

THIRD OFFICERS GROVES TELLS BRITISH BOARD HE SAW TITANIC SINK.

London, Eng., May 15.—At least one officer of the Leland liner Californian, firmly believes the Californian was in the vicinity of the Titanic the night the White Star liner went down, and that although he did not know it, he actually saw her sink, as the lights of the vessel they were watching disappeared. Charles Groves, third officer, the man in question, so testified in the course of today's Board of Trade inquiry.

Evans, the wireless operator of the Californian, also testified, today, that he told the captain on the night of the disaster he believed the Titanic near the Californian judging from the strength of her signals. The Commission concluded the evidence of the officers of the Californian and then examined the Captain and wireless operators of the steamer Mount Temple. The telegrapher re-constructed the story of the sinking of the Titanic from messages he heard passing between the doomed vessel and other steamers.

IRON MOUNTAIN TRAINS TO RUN ON COTTON BELT

Retail Merchants' Association Receives Letter Announcing Intention of Road

The Iron Mountain railroad will resume traffic tomorrow between Cairo and Poplar Bluff, Mo. Arrangements have been made with the Cotton Belt railroad to use its tracks from Sanno, a point six miles from Charleston at the junction of the Belmont branch with the Cotton Belt.

A letter was received last night by Secretary Chas. Gilhofer of the Cairo Retail Merchants' Association. It was sent by Commercial Agent Ray McWilliams of the Iron Mountain, who is at Poplar Bluff where he went to see Superintendent Cannon in regard to getting service into Cairo at the request of the Retail Merchants' Association. The letter follows:

"Charles Gilhofer, Sec'y: 'To and from Cairo our regular trains will run via Somers, Mo., on the Cotton Belt to Cairo via Birds Point. Could not get our tracks in shape in time to take care of United Commercial Travelers but wanted to take care of Cairo. This service will be maintained until our line is repaired.'"

Last week the Retail Merchants filed a request with the Iron Mountain asking for resumption of traffic on this part of the line as soon as possible. It seems the good work of the association has had its effect for the company, after finding they could not get its track in shape between Charleston and Cairo for some time decided to make arrangements with the Cotton Belt for use of its tracks. The merchants and business people generally will appreciate the accommodations shown them by the Iron Mountain.

The high water six or seven weeks ago caused much damage to the Iron Mountain. The damage would have been repaired long ago had it not been for the second rise which prevented, for a time, this work.

ROOSEVELT SAYS HE HAS ENOUGH DELEGATES NOW

Ex-President Declares He Has 500 of 539 Necessary to Nominate

BROWNSVILLE CASE CITED

Colonel Reads from Record to Prove Taft Recommended Action

Dayton, O., May 15.—"The number of delegates necessary to nominate is 539. Of the delegates already elected, without counting the contested delegates, I have more than 500. Of the delegates yet to be elected I am confident I will receive enough to assure my nomination."

Col. Roosevelt's claim was based on a table of delegates prepared by his secretary. The Colonel, as he went over the table said that he was assured of enough votes from the total of uninstructed and contested delegates, to be able to state that, of the delegates already elected, he had more than 500.

Col. Roosevelt began the second day of his Ohio campaign in Elvira where he made a speech before breakfast at 6:40 o'clock and ended it at Dayton, tonight. He delivered fifteen speeches during the day. In his address at Springfield, he criticized President Taft.

Recalls Brownsville Case. "A certain Lorimer congressman from Illinois," he said, "who is supporting Mr. Taft, as his chief, Lorimer, did, has come to Ohio, bringing a number of members of two companies of the colored regiment, which was discharged on account of the riot at Brownsville. These men are brought here by Taft managers to assault me for what I did at Brownsville, to try to get our colored citizens to vote against me. I always accept full responsibility for what I do. I did take the action at Brownsville, and my judgment has been ratified over and over again, by every competent man who investigated the matter. I want you to understand that I am not taking back any finger breath of any action I mine."

Reads Department Record. Col. Roosevelt held up a copy of the annual report of the Secretary of War of 1906 and read an extract from it concerning the Brownsville affair.

"There is Mr. Taft's own record, upon which acted," he continued. "I do not shift any responsibility upon Mr. Taft. I take it all, but Mr. Taft should be responsible, too. He recommended to me, as I have read to you, that these men should be dismissed. Does Mr. Taft now say that, when he made that report to me and submitted it to Congress, he said what was untrue. If so, let him give his reason for his change. More than that he has for three years been president and could have re-instated every man of that regiment if he thought that the action I took upon his recommendation was wrong."

UNION MEN REFUSE TO TESTIFY IN TRIAL OF MEN AT DAVENPORT

Davenport, Ia., May 15.—The refusal of William Murphy and William Healy, prominent unionists and star witnesses for the state, to testify in the trial of Oliver C. Wilson, who, with other labor leaders, is charged with conspiracy against non-union button workers at Muscatine, was the most important development at the hearing today. Both Murphy and Healy are said to have made detailed confessions before the grand jury.

The men were represented today by counsel and upon instruction refused to testify.

This unexpected turn will expedite the trial and the case will go to the jury Saturday.
